"Since 2013, StarBridge has been a supplier to leading manufacturers in US and we continue to deliver best-of-breed technologies and rapid deployment services that improve nearly every aspect of the system," said Akira Sato President and Chief Executive Officer.

About TMS (Technical Market Specialists):

Technical Marketing Specialists | Manufacturers' Representative (tmssales.com)

Long term distributor of StarBridge for US customers, to deploy integrated hardware and software in a variety of test systems and development programs.

"The StarBridge Serial RapidIO solutions meet the demanding performance and quality requirements for the US market," said Chris Simoneaux, TMS Sales Engineer and Partner.

About StarBridge:

StarBridge Inc, in trusted, the leading integrator in Switch Fabric Technology in Japan.

StarBridge has been integrating Serial RapidIO and PCI Express technologies for worldwide customers for over 20 years in applications such as; semiconductor manufacturing equipment, medical imaging, industrial control, military and aerospace, communications, and server expansion. StarBridge has provided the RapidExpress products which is a de-facto standard for SRIO products, design service and system integration, including custom hardware and software design, for the customers worldwide. StarBridge also provides DSP and high-speed digitizing systems as the high grade system integration. To learn more, and for more information, visit http://www.starbridge.co.jp
